

University of Cape Town, Department of Computer Science
Masters in Information Technology (MIT) 2019
Departmental Application Form

Submit the completed form, together with an abbreviated CV (at most one page), a letter of motivation for conversion to IT (at most one page), and a full academic record, including all tertiary results (in English), to the MIT Coordinator (mit@cs.uct.ac.za) by 31 October, 2018. If you have a foreign degree, also include SAQA certification (<http://www.saqa.org.za>), or evidence of NQF rating. If you have a 3 year degree at SAQA level 7, and wish to apply for Recognition of Prior Learning, please provide an additional document (with Recognition of Prior Learning as the heading) in which you provide evidence that, in the course of your work experience, you have produced, on your own, a document similar to an IT Honours project.

All the information should be submitted as a **SINGLE** PDF document.

You must also apply separately to the UCT's Central Application System for admission (by 31 October, 2018).

Please Note:

Admission is competitive. Notification of acceptance will be by early December 2018.
